Recipe Notes

See youtube for full creation video

Concentrate on milling the wheat and pre-soaking or cooking the oats and flaked wheat, it will help with conversion.

I've changed a few things since the video, upped the mash amount to 21L, played with the water just a touch.

My second batch I will be trying East Coast Lallemend yeast (NEIPA)

I've also upped the dry hop, just because :) Cheers!
